Revision of the estabt of the Registrn of Cooperative Societies

From The Comptroller

No. 218/K&R/28 Dated 11/12-7-12 Received 13-7-12

Diary No. 245	Enclos. 1	Spare Copies.	Serial No. 1

BRIEF ABSTRACT OF LETTER.

Forwards for orders Registrars letter No. 1012 dt 22nd June 1912 containing proposals for the revision of his estabt together with both prospective Statements and Memo duly Verified

NOTES AND ORDERS.

It was only in May last that the estabt of the Regr's staff was revised - G.O. No. H 4781-2/1820-11-2 dt 9-5-12

The present staff as sanctioned in the above G.O. consists of 5 Inspectors.

for the supervision of 140 societies as it stood in June 1911. The hope was however held out in the order quoted above that the no. of Inspectors will be suitably increased when the no. of Societies increases.

3 The Registrar now states that the no. of Societies have increased to 203 on 22nd June 1912 & his present proposal is to add 4 more Inspectors, to his executive Staff, one for each increase of 30 societies (which is the data for appt. of Inspectors hitherto acted upon in Mysore) & one Inspector each for the exclusive supervision of the Mysore & Bangalore Societies. A cycle allowance is also asked for [illegible] Inspectors. It is also proposed to increase the clerical establt. by the addition of 2 more clerks on Rs 25-2½-40. The existing scale for the clerical establt. was sanctioned in May 1910 when the no. of Societies

NOTE—Contn. sheet.

GPB—65,000—17-6-12.

Serial No.

stood at 66 × in view of the increase of volume of business correspondingly to the increase of Societies since then, the proposal seems reasonable.

4) Next comes the proposal for the increase to the menial establt.

At present there are 11 peons distributed as follows as per f. o of the 9th May 1912

Registrar	3
Assistant to the Registrar ...	1
5 Inspectors including Senior Inspector...	5
Office	2
	11

Six peons only each × 1 drawn on 8 Rs is now asked for — a peon for each of the 4 Inspectors now proposed to be appointed — an extra peon to the one already sanctioned to the Asstt to the Registrar to keep up his status — × another for himself apparently. The reason is stated (5

Vide last line × para 6 of the letter under disposal.

NOTE—Contn. sheet.

Serial No.

be required to look after the work recently sanctioned to the Registrar.

5) Para 6 of the Registrar's letter suggests an automatic workable standard by which to proceed when making appointments of Inspectors & clerks in future — which is one Inspector with a peon for every increase of 30 Societies & one clerk for every increase of 50 Societies. This may well serve as a standard for the disposal of the present requirement also.

6) In Madras an Inspector is allowed to be appointed for every increase of 25 Societies.

7) The Registrar also proposes to stop publishing the Co-operative Bulletin ~~for the reason of~~ inadequacy of establ

24

NOTE—Contn. sheet.

General and Revenue Secretariat. | B File No. 5 of 1912

Serial No.

8) When the project of publishing the Journal was taken up in hand by the Registrar & the proposal sanctioned by Govt it was understood that it was to be conducted by the Registrar with such more official help mainly & also with the aid of the then Staff of the Registrar. Lately an Asstt has been given to the Registrar who by his special qualifications is well fitted to take charge of the publication of the Journal if so desired by Govt.

9) In passing orders on the present question the following facts have also to be considered -

10) The Registrar has the help of an Attorney organisers & a number of Honary supervisors in addition to his staff of Inspectors

Little information is available in this office as to what all is being done by the Local officers but the Inspectors seem to be active judging by the rapid absorption of the Rs 4 grant in the Registrars budget last year.

Recently in British India it is being felt that Govt interference should gradually be withdrawn & that supervision & audit should be taken up by private bodies of the nature of central societies & that the societies left more much to their own resources in these matters. That this feeling is particularly strong in Madras is to be inferred from the many conference resos during last year. This however cannot have an im-

immediate bearing here, as the people are not yet so far advanced in the most point as to be safely left to their own resources. A deal of fostering care may be necessary for some years to come. Even the less as in indicating of future policy the trend in the Madras Presidency in this direction has to be kept in view.

12) It is understood, that audit of important institutions like the Central Bank are entrusted to the Asstt. to the Registrar, ~~the Registrar~~ in Madras but here the Registrar requests for two Inspectors for the purpose. He also further wishes that a cycle allowance should be allowed to them — to enable them to reach societies easily which may be situated away from each other. The reason given is

NOTE—Contn. sheet.

G 1 D—65,000—17-6-12.

Serial No.

not apparent inasmuch as it is not usual for one person to take up the audit of the accts of two or more districts simultaneously & it may therefore be held that a case has not been made out for the allowance whatever necessity there may exist for the Inspectors

for some time, at least, till experience is gained of how much the present staff can do.

15) As pointed out above, there are honorary organisers & Supervisors who judging from the rapid manner in which the T.A. grant is absorbed, must be having ~~showing~~ active - If their services are utilised, to the fullest extent - & many such men can be found in Bangalore & Mysore - the need for additional Inspectors - especially in these two towns - must be reduced to a considerable Extent.

16) Moreover a mere rule of proportion cannot give the Number of Inspectors necessary - In the earlier Stages more Inspectors will be necessary - But later on, when the Societies have gained some experience and are located at short distances, one Insp^r will be able to look after more Societies.

17) There is also another point worthy of consideration - At times these Societies will spring up in quick

NOTE—Contn. sheet.

G. R. S. 12]

General and Revenue Secretariat.

B File No. 5 of 1912

Serial No.

numbers but ~~with them~~ most of them may die away after a short ~~time~~ period of existence - If for this temporary increase, a permanent establishment in the shape of Inspectors etc is created, the Govt will be put to great loss when by a diminution in the number of Societies the establishment will ~~be too~~ become overmanned & retrenchment is necessary. With a nucleus of permanent Inspectors, only temporary men should be entertained when there is a sudden and temporary increase in the number of Societies and the temporary men should be made permanent only when after some experience it is found definitely that the increase is ~~not~~ of a permanent character

increase in the no. of Societies within the past few months he wants the following additional Establishments :- 4 Inspectors, 2 clerks & 7 peons.

22) The present no. of Co-operative credit Societies in Mysore is 203 : For examining & auditing the accounts of these Societies we have now 6 officers - 5 Inspectors & 1 Assistant Registrar. Each officer has thus about 35 Societies on the average : and it cannot be said that this is too large a number for an officer to audit their accounts at least once in six months. If we have these Societies in Mysore & Bangalore with the magnitude of their operations will take up much more time & require considerable number of auditing : Not so in the Shimoga District. There are many Societies which are only in their infancy & where the business done is so little that they cannot be easily audited in a day. So on the whole, it cannot be said that the present no. of Societies is too much for the existing staff of officers to cope with.

23) As regards the increase in the

NOTE—Contn. sheet.

G. R. S. 12]

General and Revenue Secretariat.

B File No. 5 of 1912

Serial No.

clerical Establishment of the Registrar's office, considering that the present establishment was sanctioned over 2 years ago when the no. of Societies stood at 66, the recommendation for increasing it may be favourably considered.

24) 4. The Govt having sanctioned a tent for the Registrar, it is, no doubt, necessary that he should have a Lascar. An additional pay to the assistant Registrar might perhaps be also sanctioned.

5. It may perhaps be desirable to have a sliding scale for the number of Inspectors to be maintained. I ~~st~~ one Inspector for every 40 Societies with 2 Inspectors. He finds a liberal provision.

Serial No.

These proposals are summarized at paras 8 & 9 & 10 of this letter

They are for

2 addl Inspectrs on 40–2½–60 each for Bangalore & Mysore cities

2 Dy for the Mufassil

2 Clerks on 25–2½–40 each

6 peons on 7 each

1 Cashier on 8

and also a pro rata Establt of

1 Inspectr) for every 30 addl
1 Peon) vaccines

1 Clerk in the Head Office) for every 60 addl vaccines.

These proposals seem to be modest & deserve the sanction. The pro rata establishment may be allowed & the entertainment automatically as soon as the addl number vaccines is reached midway (i.e. as soon as ½ addl accine).

The addl establishment should be regarded as temporary for the present.

These may not have constant work but Class work – but it is reported that the Hospitals the Hospitals – will desire part – time attendance & the Secretary – now two capital Secretaries

NOTE—Contn. sheet.

GPB—65,000—17-6-12.

Submitted to His Highness.

The accompanying papers relate to the revision of the establishment of the Registrar of the Co-operative Societies.

2. In Government Proceedings No.Fl.4781-2/B.20-11-2 dated 9th May 1912, the establishment of the Registrar was revised and strengthened by the addition of two inspectors and three peons. The existing establishment under him consists of -

1 Assistant Registrar
5 Inspectors
5 Clerks
1 Mutchi
12 Menial servants.

Enclosure 1 "Paper under discussion".

3. In his letter No.1012 dated 21st June 1912, the Registrar has again submitted proposals for the further revision of his establishment and bases his case upon the growth of the movement since November 1911 when the proposals for the first revision was made. He points out that there are now 203 Societies against 140 in November 1911 and that the growth necessitates further strengthening of the inspecting and clerical staff. He now seeks sanction for the entertainment of 2 additional inspectors on Rs.

40-2½-60 each for Bangalore and Mysore cities,

2 inspectors on 40-2½-60 each for the moffussil work,

2 clerks on 25-2½-40 each,

6 peons on Rs.7 each

1 lascar on Rs.8,

and also a 'pro-rata' establishment of one inspector and one peon for every 30 additional societies and one clerk in the head office for every 50 additional societies.

4. These proposals appeared to me to be modest and to deserve to be sanctioned. On the papers being sent to the Financial Secretary, he agreed with the Genseral Secretary who was of opinion that no strengthening of the inspecting staff was called for and thought that the Registrar's proposals seemed extravagant specially the proposal to have one inspector for Bangalore and another for Mysore City and that the larger societies should be looked after by the Assistant to the Registrar.

Page 15 of notes.
Pages 11-13 —do—.

5. The First Councillor inspected the office of th Registrar and thought that the Registrar was making a good use of the establishment given to him. At the time of the Councillor's inspection the number of societies had further increased to 218 and the Councillor was of opinion that the proposals deserved favourable treatment. He recommended the sanction of two additional inspectors

Page 15-17 of notes.

22

and two clerks and also of 3 peons and a lascar.

6. On the papers being circulated to the Second Councillor he agreed with the General Secretary and thought that the Registrar's proposals as regards the inspecting staff was extravagant. He had no objection to the entertainment of 2 clerks and 1 lascar.

Para 18 + 19 of Note -

7. It appears to me that the Registrar has made out a good case for the strengthening of his establishment. The increase recommended by the First Councillor after his inspection of the Registrar's office, appears to me to be the irreducible minimum, if we are to provide against a serious fall in the efficiency of inspection. I would accordingly recommend the entertainment of -

2 inspectors on 40-2½-60

2 clerks on Rs.20 each

2 peons on Rs.7 each for the two additional Inspectors and one peon on Rs.7 and one lascar on Rs.8 for the Registrar's office.

8. I would also recommend that a 'pro rata' establishment on the following scale may also be sanctioned, viz. one additional inspector on Rs.40-2½-60 for every 40 Societies and one clerk in the Head office for every 60 Societies. These hands may be automatically entertained as soon as the additional number of Societies is reached midway. Such authority seems to be necessary to save the time that is lost in making application to Government and

23

the uncertainty involved in any application at all being considered necessary in a matter in which the need of additional Inspectors is patent. The additional establishment now to be sanctioned and to be entertained automatically may be regarded as "temporary" for the present.

9. With the above recommendation I submit the papers for the orders of His Highness.

Enc. 2

From

M.A. Narayan Ayangar, Esq., B.A., B.L.,
Officiating Registrar of Co-operative
Societies in Mysore.

TO

K.K. Srinivasa Iyengar, Esq., M.A.,
Offg. Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments,
Bangalore.

Thro. The Comptroller to the Govt of H.H. the Maharaja of Mysore, Bangalore—

Sir,

May 1 I have the honor to acknowledge the receipt of the Government Proceedings NO. Fl. 4781-2/E.20-11-2 dated the 9th May 1912 sanctioning an increase of two Inspectors and three peons to my staff from the 1st July next, "after a due consideration of the proposals and the reasons adduced therefor" in my letter NO. 368 dated the 22nd November last.

2. The Government order states that "this staff should suffice for the present needs of the Department" and the .... Government "have been pleased to direct that the staff of ... Inspectors be fixed at five for the present, the number being suitably increased when the number of Societies increases." .... These expressions of the intention of the Government to re-consider the position of the Department as it develops embolden

(3

me to submit the following proposals for consideration , though only within a short period of the last order.

3. My recommendations of the 22nd November last were made when there were only 140 Societies. We have now 203 Societies . I have already explained in that letter how an Inspector cannot look after more than thirty societies ordinarily . To keep the existing mofussil societies in proper training and to supervise and audit their accounts, I shall require at least two more Inspectors. These shall each require a peon.

4. The societies in the cities of Bangalore and Mysore are huge institutions as compared with those in the mofussil. Their care is of very great importance as several lakhs of .. rupees are invested in them by thousands of persons. Their audit by the Registrar is as much a matter of legal obligation under the Co-operative Regulation. The Societies at each place will fully require the services of an Inspector for the audit of their accounts . I recommend the sanction of an Inspector for Mysore and another for Bangalore. Each of these officers ... should be given a carriage or cycle allowance of Rs, 15 to enable him to reach easily the Societies situated away from each other.

5. The present scale of the office establishment of clerks was sanctioned on the 12th May 1910 when there were only 60 Societies. The number of Societies is 203 now and there has been a similar increase in their membership and volume of business. The office correspondence has therefore increased enormously . To deal adequately with this increase of work, I request the sanction of two more clerks on Rs. 25-2½-40.

6.. A menial establishment of eight persons, excluding the Mutchi, was fixed for the Department in 1905, when there was no

(4

Co-operative Society, no Assistant to the Registrar, no Inspector and no tent for the officer. Four were required for the office, one having to sleep in the office for night watch, one for running errands outside office, and two for office work. The Registrar had four peons for his home and camp work.

7. We have now an Assistant to the Registrar and five Inspectors. The Assistant to the Registrar has to tour out and to keep up his status must be allotted at least two peons. Each Inspector should have a peon. For this extra number of seven peons required, three have been sanctioned. I request four more may be sanctioned on Rs. 7 each.

8. The Government were pleased to sanction a tent for this office. Its care requires a Kalashi or Lascar, without whom I have not been able to take out the tent. I therefore request sanction for a Lascar on Rs. 8.

9. The above proposals for two Inspectors on Rs.40-2½-60 for the mofussil, two Inspectors on Rs.40-2½-60 plus Rs 15/- carriage allowance, for Mysore and Bangalore, two clerks on Rs. 25-2½-40, six peons on Rs. 7 each and one Lascar on Rs. 8, are the minimum requirements of the Department in its present position. I would therefore very strongly urge their early sanction.

10. It will be noticed that these proposals do not provide for any expansion of work in this necessarily growing .. Department. If the demand for more societies is to be met, provision has to be made for an increase in the staff. The Department will require an Inspector and a peon for every 30 Societies more, and a clerk in the office for every 50 Societies more. The demand for Societies is steadily increasing and if this is to be met fairly, we shall have to provide for an in-

crease

(5

increase of about 120 Societies in 1912-13. I request that the Government may be pleased to lay down the limits of expansion for the next official year and empower me to entertain an ... Inspector and a peon for every 30 societies above 210.

11. The budget allots Rs. 500 for a Co-operative Bulletin. Considering the increase of staff necessary for our ordinary needs, I think we may at once give up the idea of bringing out the Bulletin, as it will require the services of another ..... Inspector.

12. The Proposition Statement in duplicate is appended herewith.

I have the honor to be ,

Sir ,

Your most obedient servant ,

M. A. Narayanaswami.

opinion there should ordinarily be no finality. When in the opinion of the members the reserve fund becomes inflated, in other words, produces a sort of financial surfeit in the society's "cash position" then with the sanction of Government it might be made possible to allow of a distribution of bonus shares. But experience and the exercise of very ordinary financial foresight will enable a society to easily keep its finances in relation to its inflated reserve fund within bounds" by many simple "devices." The rate of interest on loans might be reduced or there might even be remissions of interest and so on, in fact there is no limit to the advantages likely to accrue from an " inflated " reserve fund, and consequent surfeit of funds. The automatic building up of this reserve strikes me as being the very basis and root of the co-operative credit societies movement from and out of which " grows the tree which bears the fruit."

Recorded

2 While agreeing with the general tenor of the bye laws in question it is however crave leave to submit & request to be allowed to keep the Reserve fund & Profit & Loss account outside the scope of societies business.

It should therefore be left to all societies to decide whether they invest in the Central Co-operative Bank or such other safe & suitable investments as may be available at time & place to be beyond the power of societies to control.

Hence Sirs are pleased to direct that item 3 of para 21 of the bye laws be expunged.
